Chaque Etat contractant peut autoriser, à titre exceptionnel et dans l'intérêt de la sécurité publique, le survol desdites zones par ses aéronefs nationaux.

L'emplacement et l'étendue des zones interdites seront préalablement rendus publics et seront notifiés, ainsi que les autorisations exceptionnelles délivrées en vertu du paragraphe précédent, à tous les autres Etats contractants ainsi qu'à la Commission Internationale de Navigation Aérienne.

Chaque Etat contractant se réserve en outre le droit, en temps de paix, dans des circonstances exceptionnelles, de restreindre ou d'interdire provisoirement, et avec effet immédiat, le survol de son territoire ou d'une partie de son territoire, à condition que cette restriction ou interdiction soit applicable, sans distinction de nationalité, aux aéronefs de tous les autres Etats.

Each contracting State reserves also the right in exceptional circumstances in time of peace and with immediate effect temporarily to restrict or prohibit flight over its territory or over part of its territory on condition that such restriction or prohibition shall be applicable without distinction of nationality to the aircraft of all the other States.

volo al disopra di determinate zone del suo territorio agli aeromobili degli altri Stati contraenti sotto minaccia delle pene sancite dalle proprie leggi e con la riserva che non sarà fatta alcuna distinzione, a questo riguardo, tra i suoi aeromobili privati e quelli degli altri Stati contraenti.

Ogni Stato contraente può autorizzare, a titolo eccezionale e nell' interesse della sicurezza pubblica, il sorvolo di dette zone agli aeromobili nazionali.

La posizione e l'estensione delle zone vietate saranno preventivamente rese pubbliche e saranno notificate, non altrimenti che le autorizzazioni eccezionali concesse in virtù del precedente paragrafo, a tutti gli altri Stati contraenti e alla Commissione Internazionale di Navigazione Aerea.

Ogni Stato contraente si riserva inoltre il diritto, in tempo di pace, in circostanze eccezionali, di limitare o vietare provvisoriamente, e con effetto immediato, il sorvolo del suo territorio o di una parte del suo territorio, a condizione che tale limitazione o divieto sia applicabile, senza distinzione di nazionalità, agli aeromobili di tutti gli altri Stati.
