CONVENTION ON TEMPORARY ADMISSION

Preamble

THE CONTRACTING PARTIES to this Convention, established under the auspices of the Customs Co-operation Council,

NOTING that the present situation regarding the proliferation and dispersed nature of international Customs Conventions on temporary admission is unsatisfactory,

CONSIDERING that the situation could worsen in the future when new categories of temporary admission need to be regulated internationally,

HAVING REGARD to the wishes of trade representatives and other interested parties, to the effect that the accomplishment of temporary admission formalities be facilitated,

CONSIDERING that the simplification and harmonization of Customs procedures and, in particular, the adoption of a single international instrument combining all existing Conventions on temporary admission can facilitate access to international provisions governing temporary admission and effectively contribute to the development of international trade and of other international exchanges,

CONVINCED that an international instrument proposing uniform provisions in respect of temporary admission can bring substantial benefits for international exchanges and ensure a high degree of simplification and harmonization of Customs procedures, which is one of the essential aims of the Customs Co-operation Council,

RESOLVED to facilitate temporary admission by simplifying and harmonizing procedures, in pursuit of economic, humanitarian, cultural, social or touring objectives,

CONSIDERING that the adoption of standardized model temporary admission papers as international Customs documents with international security contributes to facilitating the temporary admission procedure where a Customs document and security are required,

HAVE AGREED as follows:

CHAPTER I

General provisions

Definitions

ARTICLE 1

For the purposes of this Convention, the term:

- (a) "temporary admission" means:

the Customs procedure under which certain goods (including means of transport) can be brought into a Customs territory conditionally relieved from payment of import duties and taxes and without application of import prohibitions or restrictions of economic character; such goods (including means of transport) must be imported for a specific purpose and must be intended for re-exportation within a specified period and without having undergone any change except normal depreciation due to the use made of them;

- (b) "import duties and taxes" means:

Customs duties and all other duties, taxes, fees or other charges which are collected on or in connection with the importation of goods (including means of transport), but not including fees and charges which are limited in amount to the approximate cost of services rendered;

(c) "security" means:

that which ensures to the satisfaction of the Customs that an obligation to the Customs will be fulfilled. Security is described as "general" when it ensures that the obligations arising from several operations will be fulfilled;

(d) "temporary admission papers" means:

the international Customs document accepted as a Customs declaration which makes it possible to identify goods (including means of transport) and which incorporates an internationally valid guarantee to cover import duties and taxes;

(e) "Customs or Economic Union" means:

a Union constituted by, and composed of Members, as referred to in Article 24, paragraph 1, of this Convention, which has competence to adopt its own legislation that is binding on its Members, in respect of matters governed by this Convention, and has competence to decide, in accordance with its internal procedures, to sign, ratify or accede to this Convention;

(f) "person" means:

both natural and legal persons, unless the context otherwise requires;

(g) "the Council" means:

the Organization set up by the Convention establishing a Customs Co-operation Council, Brussels, 15 December 1950;

(h) "ratification" means:

ratification, acceptance or approval.

CHAPTER II

Scope of the Convention

ARTICLE 2

1. Each Contracting Party undertakes to grant temporary admission, in accordance with the provisions of this Convention, to the goods (including means of transport) specified in the Annexes to this Convention.
2. Without prejudice to the provisions of Annex E, temporary admission shall be granted with total conditional relief from import duties and taxes and without application of import restrictions or prohibitions of economic character.

Structure Of the Annexes

ARTICLE 3

Each Annex to this Convention consists, in principle, of:

- (a) definitions of the main Customs terms used in the Annex;
- (b) special provisions applicable to the goods (including means of transport) which form the subject of the Annex.

CHAPTER III

Special provisions

Document and security

ARTICLE 4

1. Unless otherwise provided for in an Annex, each Contracting Party shall have the right to make the temporary admission of goods (including means of transport) subject to the production of a Customs document and provision of security.
2. Where (under paragraph 1 above) security is required, persons who regularly use the temporary admission procedure may be authorized to provide general security.
3. Unless otherwise provided for in an Annex, the amount of security shall not exceed the amount of the import duties and taxes from which the goods (including means of transport) are conditionally relieved.
4. For goods (including means of transport) subject to import prohibitions or restrictions under national legislation, an additional security may be required under the provisions laid down in national legislation.

Temporary admission papers

ARTICLE 5

Without prejudice to temporary admission operations under the provisions of Annex E, each Contracting Party shall accept, in lieu of its national Customs documents and as due security for the sums referred to in Article 8 of Annex A, temporary admission papers valid for its territory and issued and used in accordance with the conditions laid down in that Annex for goods (including means of transport) temporarily imported under the other Annexes to this Convention which it has accepted.

Identification

ARTICLE 6

Each Contracting Party may make the temporary admission of goods (including means of transport) subject to the condition that they be identifiable when temporary admission is terminated.

Period for re-exportation

ARTICLE 7

1. Goods (including means of transport) granted temporary admission shall be re-exported within a given period considered sufficient to achieve the object of temporary admission. Such a period is laid down separately in each Annex.
2. The Customs authorities may either grant a longer period than that provided for in each Annex, or extend the initial period.
3. When the goods (including means of transport) granted temporary admission cannot be re-exported as a result of a seizure other than a seizure made at the suit of private persons, the requirement of re-exportation shall be suspended for the duration of the seizure.

Transfer of temporary admission

ARTICLE 8

Each Contracting Party may, on request, authorize the transfer of the benefit of the temporary admission procedure to any other person, provided that such other person:

- (a) satisfies the conditions laid down in this Convention; and
- (b) accepts the obligations of the first beneficiary of the temporary admission procedure.

Termination of temporary admission

ARTICLE 9

Temporary admission is normally terminated by re-exportation of the goods (including means of transport) granted temporary admission.

ARTICLE 10

Temporarily admitted goods (including means of transport) may be re-exported in one or more consignments.

ARTICLE 11

Temporarily admitted goods (including means of transport) may be re-exported through a Customs office other than that through which they were imported.

Other possible cases of termination

ARTICLE 12

Temporary admission may be terminated with the agreement of the competent authorities, by placing the goods (including means of transport) in a free port or free zone, in a Customs warehouse or under a Customs transit procedure with a view to their subsequent exportation or other authorized disposal.

ARTICLE 13

Temporary admission may be terminated by clearance for home use, when circumstances justify and national legislation so permits, subject to compliance with the conditions and formalities applicable in such case.

ARTICLE 14

1. Temporary admission may be terminated where goods (including means of transport) have been seriously damaged by accident or force majeure and are, as the Customs authorities may decide:

- (a) subjected to the import duties and taxes to which they are liable at the time when they are presented to the Customs in their damaged condition for the purpose of terminating temporary admission;
- (b) abandoned, free of all expense, to the competent authorities of the territory of temporary admission, in which case the person benefiting from temporary admission shall be free of payment of import duties and taxes; or
- (c) destroyed, under official supervision, at the expense of the parties concerned any parts or materials salvaged being subjected, if cleared for home use, to the import duties and taxes to which they are liable at the time when, and in the condition in which they are presented to the Customs after accident or force majeure

2. Temporary admission may also be terminated where, at the request of the person concerned, the goods (including means of transport) are disposed of in one of the ways provided for in paragraph 1(b) or (c) above, as the Customs authorities may decide.

3. Temporary admission may also be terminated at the request of the person concerned where that person satisfies the Customs authorities of the destruction or total loss of the goods (including means of transport) by accident or force majeure. In that case, the person benefiting from temporary admission shall be free of payment of import duties and taxes.

CHAPTER IV

Miscellaneous provisions

Reduction of formalities

ARTICLE 15

Each Contracting Party shall reduce to a minimum the Customs formalities required in connection with the facilities provided for in this Convention. All regulations concerning such formalities shall be promptly published.

Prior authorization

ARTICLE 16

1. When temporary admission is subject to prior authorization, this shall be granted by the competent Customs office as soon as possible.
2. When, in exceptional cases, non-Customs authorization is required, this shall be granted as soon as possible.

Minimum facilities

ARTICLE 17

The provisions of this Convention set out the minimum facilities to be accorded. They do not prevent the application of greater facilities which Contracting Parties grant or may grant in future by unilateral provisions or by virtue of bilateral or multilateral agreements.

Customs or Economic Unions

ARTICLE 18

1. For the purpose of this Convention, the territories of Contracting Parties which form a Customs or Economic Union may be taken to be a single territory.
2. Nothing in this Convention shall prevent Contracting Parties which form a Customs or Economic Union from enacting special provisions applicable to temporary admission operations in the territory of that Union, provided those provisions do not reduce the facilities provided for by this Convention.

Prohibitions and restrictions

ARTICLE 19

The provisions of this Convention shall not preclude the application of prohibitions or restrictions imposed under national laws and regulations on the basis of non-economic considerations such as considerations of public morality or order, public security and public hygiene or health, veterinary or phytosanitary considerations, considerations relating to the protection of endangered species of wild fauna and flora, or considerations relating to the protection of copyright and industrial property.

Offences

ARTICLE 20

1. Any breach of the provisions of this Convention shall render the offender liable in the territory of the Contracting Party where the offence was committed to the penalties prescribed by the legislation of that Contracting Party.
2. When it is not possible to establish in which territory an irregularity occurred, it shall be deemed to have been committed in the territory of the Contracting Party where it is detected.

ARTICLE 21

The Contracting Parties shall communicate to one another, on request and to the extent allowed by national legislation, information necessary for implementing the provisions of this Convention.

CHAPTER V

6. The Council shall convene the Committee at a time fixed by the Committee and also at the request of the competent administrations of at least two Contracting Parties. It shall circulate the draft Agenda to the competent administrations of the Contracting Parties and of the Members, States or Customs territories referred to in Article 24 of this Convention which are not Contracting Parties, at least six weeks before the Committee meets.
7. On the decision of the Committee, taken by virtue of the provisions of paragraph 2 of this Article, the Council shall invite the competent administrations of the Members, States or Customs territories referred to in Article 24 of this Convention which are not Contracting Parties and the international organizations concerned to be represented by observers at the sessions of the Committee.
8. Proposals shall be put to the vote. Each Contracting Party represented at the meeting shall have one vote. Proposals other than proposals for amendments to this Convention shall be adopted by the Committee by a majority of Members present and voting. Proposals for amendments to this Convention shall be adopted by a two-thirds majority of Members present and voting.

11. In the absence of relevant provisions in this Article, the Rules of Procedure of the Council shall be applicable unless the Committee decides otherwise.

Settlement of disputes

ARTICLE 23

1. Any dispute between two or more Contracting Parties concerning the interpretation or application of this Convention shall so far as possible be settled by negotiation between them.
2. Any dispute which is not settled by negotiation shall be referred by the Contracting Parties in dispute to the Administrative Committee which shall thereupon consider the dispute and make recommendations for its settlement.
3. The Contracting Parties in dispute may agree in advance to accept the recommendations of the Administrative Committee as binding.

After that date, it shall be open for accession by such Members.

3. Any State, or Government of any separate Customs territory which is proposed by a Contracting Party having responsibility for the formal conduct of its diplomatic relations but which is autonomous in the conduct of its commercial relations, not being a Member of the Organizations referred to in paragraph 1 of this Article, to which an invitation to that effect has been addressed by the depositary at the request of the Administrative Committee, may become a Contracting Party to this Convention by acceding thereto after its entry into force.

4. 2. For any Contracting Party signing without reservation of ratification, ratifying or acceding to this Convention after five Members or Customs or Economic Unions have signed it without reservation of ratification or have deposited their instruments of ratification or accession, this Convention shall enter into force three months after the said Contracting Party has signed without reservation of ratification or deposited its instrument of ratification or accession.
3. Any Annex to this Convention shall enter into force three months after five Members or Customs or Economic Unions have accepted that Annex.
4. For any Contracting Party which accepts an Annex after five Members or Customs or Economic Unions have accepted it, that Annex shall enter into force three months after the said Contracting Party has notified its acceptance. No Annex shall, however, enter into force for a Contracting Party before this Convention has entered into force for that Contracting Party.

Rescinding provision

ARTICLE 27

Upon the entry into force of an Annex to this Convention containing a rescinding provision, that Annex shall terminate and replace the Conventions or the provisions of the Conventions which are the subject of the rescinding provision, in relations between the Contracting Parties which have accepted that Annex and are Contracting Parties to such Conventions.

3. Any Contracting Party which has entered reservations may withdraw them, in whole or in part, at any time, by notification to the depositary specifying the date on which such withdrawal takes effect.

Territorial extension

ARTICLE 30

1. Any Contracting Party may, at the time of signing this Convention without reservation of ratification or of depositing its instrument of ratification or accession, or at any time thereafter, declare by notification given to the depositary that this Convention shall extend to all or any of the territories for whose international relations it is responsible. Such notification shall take effect three months after the date of the receipt thereof by the depositary. However, this Convention shall not apply to the territories named in the notification before this Convention has entered into force for the Contracting Party concerned.
2. Any Contracting Party which has made a notification under paragraph 1 of this Article extending this Convention to any territory for whose international relations it is responsible may notify the depositary, under the procedure of Article 31 of this Convention, that the territory in question will no longer apply this Convention.

Denunciation

ARTICLE 31

1. This Convention is of unlimited duration but any Contracting Party may denounce it at any time after the date of its entry into force under Article 26 of this Convention.
2. The denunciation shall be notified by an instrument in writing, deposited with the depositary.
3. The denunciation shall take effect six months after the receipt of the instrument of denunciation by the depositary.
4. The provisions of paragraphs 2 and 3 of this Article shall also apply in respect of the Annexes to this Convention, any Contracting Party being entitled, at any time after the date of their entry into force under Article 26 of this Convention, to withdraw its acceptance of one or more Annexes. Any Contracting Party which withdraws its

acceptance of all the Annexes shall be deemed to have denounced this Convention. Furthermore, a Contracting Party which withdraws its acceptance of Annex A, even though it continues to accept other Annexes, shall be deemed to have denounced this Convention.

Amendment procedure

ARTICLE 32

1. The Administrative Committee, meeting in accordance with Article 22 of this Convention, may recommend amendments to this Convention and its Annexes.
2. The text of any amendment so recommended shall be communicated by the depositary to all Contracting Parties to this Convention, to the other signatories and to those Members of the Council that are not Contracting Parties to this Convention.
3. Any recommended amendment communicated in accordance with the preceding paragraph shall enter into force in respect of all Contracting Parties six months after the expiry of a period of twelve months following the date of communication of the recommended amendment if no objection to the recommended amendment has been notified during that period to the depositary by a Contracting Party.
4. If an objection to the recommended amendment has been notified to the depositary by a Contracting Party before the expiry of the period of twelve months specified in paragraph 3 of this Article, the amendment shall be deemed not to have been accepted and shall have no effect whatsoever.
5. For the purposes of notifying an objection, each Annex shall be taken to be a separate Convention.

Acceptance of amendments

ARTICLE 33

1. Any Contracting Party which ratifies this Convention or accedes thereto shall be deemed to have accepted any amendments thereto which have entered into force at the date of deposit of its instrument of ratification or accession.
2. Any Contracting Party which accepts an Annex shall be deemed, unless it enters reservations under Article 29 of this Convention, to have accepted any amendments to that Annex which have entered into force at the date on which it notifies its acceptance to the depositary.

In accordance with Article 102 of the Charter of the United Nations, this Convention shall be registered with the Secretariat of the United Nations, at the request of the depositary.

In witness whereof the undersigned, being duly authorized thereto, have signed this Convention.

Done at Istanbul this twenty-sixth day of June nineteen hundred and ninety, in a single original, in the English and French languages, both texts being equally authentic. The depositary is requested to prepare and circulate authoritative translations of this Convention in the Arabic, Chinese, Russian and Spanish languages.

When the Customs authorities of the territory of temporary admission have unconditionally discharged temporary admission papers in respect of certain goods (including means of transport), they can no longer claim from the guaranteeing association payment of the sums referred to in paragraph 1 of this Article in respect of these goods (including means of transport). A claim may nevertheless still be made against the guaranteeing association if it is subsequently discovered that the discharge of the papers was obtained improperly or fraudulently or that there had been a breach of the conditions of temporary admission or of Customs transit.

4. ATA carnet

CPD carnet

within a year of the date of expiry of the validity of the carnet. Furthermore, the Customs authorities shall provide the guaranteeing association with details of the calculation of import duties and taxes due within one year from the notification of the non-discharge. The guaranteeing association's liability for these sums shall cease if such information is not furnished within this one year period.

Regularization of temporary admission papers

ARTICLE 9

1. ATA carnet

- (a) The guaranteeing association shall have a period of six months from the date of the claim made by the Customs authorities for the sums referred to in Article 8, paragraph 1 of this Annex in which to furnish proof of re-exportation under the conditions laid down in this Annex or of any other proper discharge of the ATA carnet.
- (b) If such proof is not furnished within the time allowed the guaranteeing association shall forthwith deposit, or pay provisionally, such sums. This deposit or payment shall become final after a period of three months from the date of the deposit or payment. During the latter period, the guaranteeing association may still furnish the proof referred to in subparagraph (a) of this paragraph with a view to recovery of the sums deposited or paid.
- (c) For Contracting Parties whose laws and regulations do not provide for the deposit or provisional payment of import duties and taxes, payments made in conformity with the provisions of subparagraph (b) of this paragraph shall be regarded as final, but the sums paid shall be refunded if the proof referred to in subparagraph (a) of this paragraph is furnished within three months of the date of the payment.

2. CPD carnet

- (a) The guaranteeing association shall have a period of one year from the date of notification of the non-discharge of CPD carnets in which to furnish proof of re-exportation under the conditions laid down in this Annex or of any other proper discharge of the CPD carnet. Nevertheless, this period can come into force only as of the date of expiry of the CPD carnet. If the Customs authorities contest the validity of the proof provided they must so inform the guaranteeing association within a period not exceeding one year.
- (b) If such proof is not furnished within the time allowed the guaranteeing association shall deposit, or pay provisionally, within a maximum period of three months the import duties and taxes payable. This deposit or payment shall become final after a period of one year from the date of the deposit or payment. During the latter period, the guaranteeing association may still furnish the proof referred to in subparagraph (a) of this paragraph with a view to recovery of the sums deposited or paid.
- (c) For Contracting Parties whose laws and regulations do not provide for the deposit or provisional payment of import duties and taxes, payments made in conformity with the provisions of subparagraph (b) of this paragraph shall be regarded as final, but the sums paid shall be refunded if the proof referred to in subparagraph (a) of this paragraph is furnished within a year of the date of the payment.

ARTICLE 10

1. Evidence of re-exportation of goods (including means of transport) imported under cover of temporary admission papers shall be provided by the re-exportation counterfoil completed and stamped by the Customs authorities of the territory of temporary admission.

2. If the re-exportation has not been certified in accordance with paragraph 1 of this Article, the Customs authorities of the territory of temporary admission may, even if the period of validity of the papers has already expired, accept as evidence of re-exportation:

- (a) the particulars entered by the Customs authorities of another Contracting Party in the temporary admission papers on importation or reimportation or a certificate issued by those authorities based on the particulars entered on a voucher which has been detached from the papers on importation or on reimportation into their territory, provided that the particulars relate to an importation or re-importation which can be proved to have taken place after the re-exportation which it is intended to establish;
- (b) any other documentary proof that the goods (including means of transport) are outside that territory.

3. In any case in which the Customs authorities of a Contracting Party waive the requirement of re-exportation of certain goods (including means of transport) admitted into their territory under cover of temporary admission papers, the guaranteeing association shall be discharged from its obligations only when those authorities have certified in the papers that the position regarding those goods (including means of transport) has been regularized.

ARTICLE 11

In the cases referred to in Article 10, paragraph 2 of this Annex, the Customs authorities shall have the right to charge a regularization fee.

CHAPTER VI

Miscellaneous provisions

ARTICLE 12

Customs endorsements on temporary admission papers used under the conditions laid down in this Annex shall not be subject to the payment of charges for Customs attendance at Customs offices during the normal hours of business.

ARTICLE 13

In the case of the destruction, loss or theft of temporary admission papers while the goods (including means of transport) to which they refer are in the territory of one of the Contracting Parties, the Customs authorities of that Contracting Party shall, at the request of the issuing association and subject to such conditions as those authorities may prescribe, accept replacement papers, the validity of which expires on the same date as that of the papers which they replace.

ARTICLE 14

1. Where it is expected that the temporary admission operation will exceed the period of validity of the temporary admission papers because of the inability of the holder to re-export the goods (including means of transport) within that period, the association which issued the papers may issue replacement papers. Such papers shall be submitted to the Customs authorities of the Contracting Parties concerned for control. When accepting the replacement papers, the Customs authorities concerned shall discharge the papers replaced.

2. The validity of CPD carnets can only be extended once for not more than one year. After this period, a new carnet must be issued in replacement of the former carnet and accepted by the Customs authorities.

ARTICLE 15

Where Article 7, paragraph 3, of this Convention applies, the Customs authorities shall, as far as possible, notify the guaranteeing association of seizures made by them or on their behalf of goods (including means of transport) admitted under cover of temporary admission papers guaranteed by that association and shall advise it of the measures they intend to take.

ARTICLE 16

In the event of fraud, contravention or abuse, the Contracting Parties shall, notwithstanding the provisions of this Annex, be free to take proceedings against persons using temporary admission papers, for the recovery of the import duties and taxes and other sums payable and also for the imposition of any penalties to which such persons have rendered themselves liable. In such cases the associations shall lend their assistance to the Customs authorities.

ARTICLE 17

Temporary admission papers or parts thereof which have been issued or are intended to be issued in the territory into which they are imported and which are sent to an issuing association by a guaranteeing association, by an international organization or by the Customs authorities of a Contracting Party, shall be admitted free of import duties and taxes and free of any import prohibitions or restrictions. Corresponding facilities shall be granted at exportation.

ARTICLE 18

1. Each Contracting Party shall have the right to enter a reservation, in accordance with Article 29 of this Convention, in respect of the acceptance of ATA carnets for postal traffic.
2. No other reservation to this Annex shall be permitted.

ARTICLE 19

1. Upon its entry into force this Annex shall, in accordance with Article 27 of this Convention, terminate and replace the Customs Convention on the ATA carnet for the temporary admission of goods, Brussels 6 December 1961 (ATA Convention)¹ in relations between the Contracting Parties which have accepted this Annex and are Contracting Parties to that Convention.
2. Notwithstanding the provisions of paragraph 1 of this Article, ATA carnets which have been issued under the terms of the ATA Convention prior to the entry into force of this Annex, shall be accepted until completion of the operations for which they were issued.

¹Treaty Series No. 10 (1964) Cmnd. 2226.

MODEL OF ATA CARNET

The ATA carnet shall be printed in English or French and may also be printed in a second language.

The size of the ATA carnet shall be 396 x 210 mm and that of the vouchers 297 x 210 mm.

1. All goods covered by the Carnet shall be entered in columns 1 to 6 of the General List. If the space provided for the General List on the reverse of the front covers is insufficient, continuation sheets conforming to the official model shall be used.
2. In order to close the General List, the totals of columns 3 and 5 shall be entered at the end of the list in figures and in writing. If the General List consists of several pages, the number of continuation sheets used shall be stated in figures and in writing at the foot of the list on the reverse of the front cover.
The lists on the vouchers shall be treated in the same way.
3. Each item shall be given an item number which shall be entered in column 1. Goods comprising several separate parts (including spare parts and accessories) may be given a single item number. If so, the nature, the value and, if necessary, the weight of each separate part shall be entered in column 2 and only the total weight and value should appear in columns 4 and 5.
4. When making out the lists on the vouchers, the same item numbers shall be used as on the General List.
5. To facilitate Customs control, it is recommended that the goods (including separate parts thereof) be clearly marked with the corresponding item number.
6. Items answering to the same description may be grouped provided that each item so grouped is given a separate item number. If the items grouped are not of the same value, or weight, their respective values, and, if necessary, weights shall be specified in column 2.
7. If the goods are for exhibition, the importer is advised in his own interest to enter in C. of the importation voucher the name and address of the exhibition and of its organiser.
8. The Carnet shall be completed legibly and indelibly.
9. All goods covered by the Carnet should be examined and registered in the country/Customs territory of departure and for this purpose should be presented, together with the Carnet, to the Customs authorities there, except in cases where the Customs regulations of that country/Customs territory do not provide for such examination.
10. If the Carnet has been completed in a language other than that of the country/Customs territory of importation, the Customs authorities may require a translation.
11. Expired Carnets and Carnets which the holder does not intend to use again shall be returned by him to the issuing association.
12. Arabic numerals shall be used throughout.
13. In accordance with ISO Standard 8601, dates must be entered in the following order: year/month/day.

14. When blue Customs transit sheets are used, the holder is required to present the Carnet to the Customs office placing the goods in Customs transit and subsequently, within the time limit prescribed for Customs transit, to the specified Customs "office of destination".
