June 15, 1972.

Your Excellency,

I have the honor to refer to the discussions between representatives of the Government of the United States of America and the Government of the United Kingdom of Great Britain and Northern Ireland concerning the status of the United States Hydrographic Office Survey Station "Bottle" on North Caicos Island and of the Long Range Aid to Navigation (LORAN) Station operated by the United States Coast Guard on South Caicos Island, Turks and Caicos Islands.

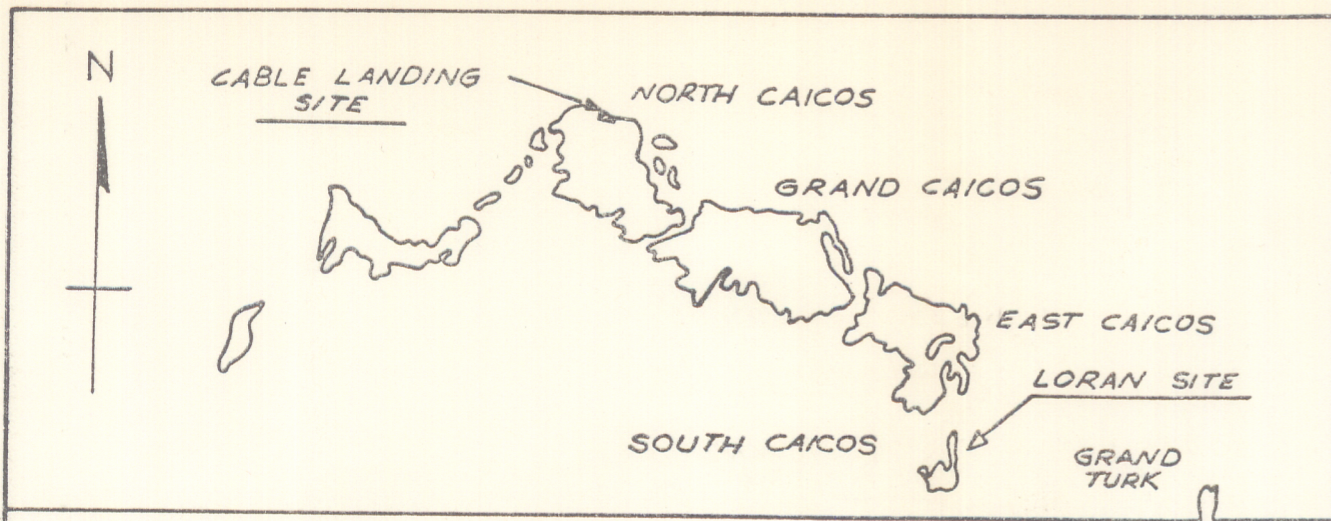

In order that these may be added to the other United States facilities as defense areas for the purposes of the Agreement between the Government of the Federation of The West Indies and the Government of the United States of America concerning United States defense areas in the Federation of The West Indies, signed at Port of Spain on the 10th of February 1961,⁽¹⁾ (hereinafter referred to as "the 1961 Agreement"), I have the honor to propose that the map annexed to this Note shall supersede and replace the existing map No. 6 attached to Annex F to the 1961 Agreement and become an integral part of that Agreement.

If the foregoing proposal is acceptable to the Government of the United Kingdom of Great Britain and Northern Ireland, I have the honor to suggest that this Note, together with the map annexed thereto, and Your Excellency's reply to that effect, shall be regarded as constituting an Agreement between the two Governments which shall enter into force on this day's date.

Accept, Excellency, the renewed assurances of my highest consideration.

WALTER ANNENBERG.
